

Responsible AI for CEOs and CFOs

Alassesstech.com

Is Your AI a Liability?

Runtime behavioral certification that proves AI alignment

THE BOARD IS ASKING:

"What's our exposure if our AI behaves badly?"

"How do we prove due diligence to regulators?"

THE REGULATORY REALITY

EU AI Act

Up to **€35M**
or 7% global revenue

Colorado AI Act

Effective **Feb 2026**
First US state AI law

SEC / CFPB / OCC

Active enforcement
AI in financial services

THE SOLUTION: AI BEHAVIORAL CERTIFICATION

Like a credit score for your AI — objective, verifiable, continuous

PROVE

Due Diligence

Cryptographic audit trail satisfies
regulatory requirements

DETECT

Behavioral Drift

Continuous monitoring catches changes
before they cause harm

DISPLAY

Trust Publicly

Verification badge on your site proves
certification to customers

HOW IT WORKS

1

120-question behavioral
assessment

2

4-dimensional scoring (LCSH
framework)

3

Cryptographic verification +
blockchain anchor

4

Public trust portal for third-party
verification
